

**REQUEST FOR BIDS
20-01
90 KVA 400 HZ / 28VDC Solid State
Ground Power Unit**

**RFB ADDENDUM No. 2
ISSUE DATE: February 12, 2020**

This addendum is being issued to answer a question submitted.

1. Please confirm if new cable hoist, two each, are required or are we to use the existing hoists?

Page 23

G. Ancillary Equipment:

1. Cable Storage: DC output cables can be managed using hoists, cable racks, or a combination of both.
2. Push Button Controllers: Push button control boxes are available for managing both the DC and AC system features of the ground power unit.

Answer:

Existing hoists will be used for this project.
