Apple Vacations Booking Guide

How to book your Apple Vacations flight nonstop from LAN to paradise:

Ready to book your dream getaway? Apple Leisure Group Vacations (ALGV) encourages travelers to utilize a travel advisor to help plan and book your trip; however, travelers also have the option to book flights and vacation packages on their own without the help of a travel advisor.

Please follow the step-by-step guide below for booking your Apple Vacations flight nonstop from LAN.

1. Visit AppleVacations.com to begin the booking process.
2. Select your desired options along the top of the box (Hotel + Flight, Hotel Only, or Flight Only).
 - If you only want to purchase an airline ticket and not an all-inclusive Hotel + Flight package through Apple Vacations, select Flight Only.
3. Type “LAN” or “Lansing, MI” in the first box (Leaving from).
4. Type the city or airport code for your desired destination in the second box (Going to).
 - Cancun (CUN)
 - Punta Cana (PUJ)
 - Montego Bay (MBJ)
5. Select your depart date and return date.
 - Your depart date and return date must match the nonstop flight schedule from LAN — the nonstop flights will not appear as an option if the dates and days of the week do not match.
 - 2024 Apple Vacations flight schedule:
 - » Cancun flights depart and arrive on Saturdays, Mondays, and Wednesdays, from Jan. 27 through April 3
 - » Punta Cana flights depart and arrive on Sundays and Thursdays from Jan. 28 through March 31
 - » Montego Bay flights depart and arrive on Fridays from Feb. 2 through March 29
6. Select the nonstop option from LAN which is offered by Avelo Airlines.
 - Please note that additional travel options will be displayed, but they are not the nonstop flights (it will display one-stop options, two-stop options, etc.). There will be one nonstop option available.
7. Once you have selected the correct flight, proceed through the steps to finalize the booking of your flight and purchase the ticket.
8. Sit back, relax, and prepare for the vacation of a lifetime!

IMPORTANT INFORMATION FOR BOOKING YOUR FLIGHT: When you are booking your flight online, you must select a correct day of the week within the given timeframe that nonstop flights from LAN are offered to your desired destinations. For example, if you are planning a trip to Cancun, you must select a departure and return date on a Monday, Wednesday, or Saturday between Jan. 27 and April 3.

For questions or concerns, please fill out the [Apple Vacations Contact Form](#). You may also contact Apple Vacations at (800) 517.2000 or trips@applevacations.com during their designated support hours.
