REPORTS

Sophie Giviyan-Kermani, Director of Finance & Accounting
Presented financials for period ending March 31, 2020

• Daniel Schiffer asked if we have ever considered utilizing a financial manager/investment firm. Sophie Giviyan-Kermani stated that most of the funds/banks have an investment manager.

• John Shaski commented on page 19 of the board report showing a graph of enplaned passengers. February enplanements were 16,637; March 8,876; and April only 496.

Robert Benstein, Interim President & CEO

• Last Friday a COVID-19 positive passenger tried to leave in violation of a Cease and Desist Order issued by the Ingham County Health Department. Airport Public Safety intercepted the passenger while she was checking in for her flight, and she was not allowed to travel. Airport Maintenance coordinated a special cleaning/disinfecting of the area due to potential contamination. All areas of the terminal were open for business within a few hours. Great response by airport staff!

• Customs and Border Protection, CBP has agreed to temporarily reduce staffing at LAN to one officer for the period July – August; this should result in a savings of approximately $50,000.

• Airline responses to the Department of Transportation, regarding exemptions to Service Obligations, are due today. DOT will likely take a couple weeks to respond.

• Our annual FAA certification/safety inspection is scheduled for June 9-11.

Deb-

Good morning. We could consider the storage of commercial aircraft as an additional revenue stream; however, this would not be appropriate for TEW as the pavement strength there is limited to 12,500 lbs. We would not need to amend Resolution #20-16 to do this. The Consolidated Schedule of Rates & Charges already includes a Remain-Over-Night (RON) fee; in addition, the Airline Rates & Charges Ordinance has a provision for the Authority to provide services “other than the normal use of the terminal and runway and taxiway surfaces.” Any additional services such as the storage of aircraft could be negotiated separately.

Resolution #20-14 questions
According to the Bylaws, all committees will be advisory only and no decision or action will be taken with respect to a matter on which a vote of the Board is required to be taken. According to Act No 73, Public Acts of 1970, the Board is responsible for the budget. Staggered three-year term for the Finance Committee is preferable.

Subject: Re: CRAA Budget Public Hearing & Board Meeting - Monday, May 18 @ 4:30 pm via GoToMeeting

Hi All,
Here are the questions I was not able to ask due to poor audio connection at the 5/18/2020 CRAA Board Meeting.

1. Resolution #20-16
Earlier this year Mr. Schiffer reported that an airport in Pennsylvania was storing commercial aircraft for an income revenue stream.
Is this something that LAN or TEW could look into as revenue? Could this be added/amended in R#20-16 or does a separate resolution need to be created?

2. Resolution #20-14
Who is responsible for the budget projections...Finance Committee, CFO, CEO or Treasurer? And the Finance Committee works with/reports to whom?
Is the FC term one year? It makes more sense to have the FC term at least two years, perhaps even three years..."in order to establish long-range financial goals & strategies." A one year term just scratches the surface with regards to budget planning and managing risk exposure.

Thanks and stay safe,

Deb Groh
