e. The amended motion passed unanimously.

#20-26 Ratify Execution of US Customs and Border Protection Memorandum of Agreement
a. Daniel Schiffer moved the Capital Region Airport Authority Board ratify the execution of the US Customs and Border Protection Memorandum of Agreement – User Fee Facility Program.
b. Summary and Background
   In December 2007, the Authority entered into a Memorandum of Agreement with US Customs and Border Protection (CBP) for the User Fee Airport Program. Under the User Fee Airport Program, airports with a low volume of international traffic reimburse CBP for the cost of providing inspection services. At that time, the agreed upon staffing level was two officers per day (800A – 400P, Monday – Friday). The base fee for each officer was $140,874 per officer for the first year, and $123,438 per officer in subsequent years. On May 12, 2020, CBP informed the Authority of their need to achieve full cost recovery for CBP services effective July 5, 2020; this resulted in an increase in costs of nearly 65%. In an effort to reduce costs, CBP offered to reduce staffing at LAN to one officer for the period July – September 2020. CBP subsequently agreed to maintain this reduced staffing level throughout Federal FY2021 (October 2020 – September 2021). On September 1, 2020, CBP provided the Authority with a revised Memorandum of Agreement reflecting the change in staffing levels. The new base fee will be based on the actual wages/fringes of the officer assigned to LAN, plus administrative fees (15%), and is not anticipated to exceed $205,000 per year. US Customs and Border Protection requested that the revised MOA be executed prior to the start of the new Federal fiscal year, which is October 1, 2020. The Finance Committee reviewed this item at its meeting on September 17, 2020 and recommends approval.

CRAA Board Policy, Section 200.05 D. states, “In the event of limited time constraints, or other situations requiring the urgent execution of a contract or agreement requiring Board approval, the President – CEO may sign on behalf of the Authority with the prior
knowledge and consent of the Chair of the Board and legal review by the Authority’s attorney. The agreement will then be presented to the Board for ratification at the next regularly scheduled Board meeting.” Legal counsel has reviewed this agreement, and the Board Chair consented to the Interim President - CEO executing the agreement on behalf of the Authority, which was done on September 21, 2020.

c. The roll call vote was: Ms. Groh, Yes; Mr. Schiffer, Yes; Mr. Ward, Yes; Mr. Shaski, Yes
d. The motion passed unanimously.

#20-27 Ratify Execution of MDOT Grant for PFAS Testing at Capital Region International Airport

a. Daniel Schiffer moved the Capital Region Airport Authority Board ratify the execution of grant LAN-PFAS-2020 in the amount of $201,966.
b. Summary and Background

On July 1, 2020, the Michigan Department of Environment, Great Lakes, and Energy (EGLE) and the Michigan Department of Transportation (MDOT) issued a Request for Proposals (RFP) for Municipal Airport Per- and Poly-Flouroalkyl Substances (PFAS) Funding to test or sample PFAS at commercial service airports in Michigan. The Authority worked with its current environmental consultant, Triterra and submitted a proposal on July 15, 2020. The proposed scope of work reflected the maximum grant amount of $250,000. On August 3, 2020, the Authority was notified by MDOT that it would be awarded a grant in the amount of $196,250; this amount was subsequently changed to $201,966. This grant, LAN-PFAS-2020 provides for 100% funding of the project by the State of Michigan. EGLE, MDOT, Triterra and the Authority revised the proposed scope of work to reflect the final grant amount of $201,966. On September 1, 2020, MDOT notified the Authority that the grant needed to be signed by September 10, 2020.

CRAA Board Policy, Section 200.05 D. states, “In the event of limited time constraints, or other situations requiring the urgent execution of a contract or agreement requiring Board approval, the President – CEO may sign on behalf of the Authority with the prior knowledge and consent of the Chair of the Board and legal review by the Authority’s attorney. The agreement will then be presented to the Board for ratification at the next regularly scheduled Board meeting.” Legal counsel has reviewed this agreement, and the Board Chair consented to the Interim President - CEO executing the agreement on behalf of the Authority, which was done on September 10, 2020.

#20-30 Appointment of CRAA Officer Delegate and Alternate and Certification of CRAA Employee Delegate and Alternate to the 2020 MERS Annual Meeting
a. Greg Ward moved the Capital Region Airport Authority Board appoint Karissa Weight, Director of Talent & Engagement as Officer Delegate and Sophie Giviyan-Kermani as Officer Alternate for the 2020 Annual Meeting of the Municipal Employees Retirement System (MERS). In addition, the Board certified the election of Mike Forsyth as Employee Delegate and Robert Lillie as the Employee Alternate for the 2020 Annual Meeting of MERS.

b. Joe Brehler asked why the financial officer was the Officer Alternate instead of the Officer Delegate. Sophie explained that Karissa Weight was interested in the CPE credits. Debbie Groh asked if this appointment occurs every year and Sophie indicated yes.

c. The roll call vote was: Ms. Groh, Yes; Mr. Schiffer, Yes; Mr. Ward, Yes; Mr. Shaski, Yes

d. The motion passed unanimously.

REPORTS
Sophie Giviyan-Kermani, Director of Finance & Accounting
Presented financials for period ending July 31, 2020

Robert Benstein, Interim President & CEO
Rob reported that the President has signed legislation to fund the federal government through Dec. 11. The short-term Continuing Resolution (CR) includes an important fix for the Airport and Airway Trust Fund, which is suffering from a dramatic drop in revenue due to reduced passenger levels and the temporary suspension of aviation excise taxes through the end of the year that was approved as part of the CARES Act. The Continuing Resolution bolsters the trust fund with a $14 billion infusion from the general fund.

On October 1st, the House approved a $2.2 trillion Democratic plan - the updated Heroes Act - that includes funding for airports, concessionaires and airlines. The updated Heroes Act includes $13.5 billion to help airports and concessionaires deal with COVID-19. Of that amount, $12.5 billion would go toward commercial service airports with 25 percent reserved for concessionaires. Funds would be distributed based on fiscal year 2019 enplanements. Another $200 million would be reserved for non-primary commercial service and GA airports. For airlines, the House bill would provide more than $28 billion to extend the Payroll Support Program and keep aviation workers on the job. Unfortunately, the Senate is not expected to take up the measure, and the stalemate prompted the airlines to begin furloughing tens of thousands of employees.

Earlier this year, the First Responder Hazard Pay Premium Program (FRHPPP) was created by 2020 Public Act 123 to reimburse and/or pay for qualifying first responder hazard pay premiums provided to eligible first responders. This program is funded through the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The Airport Authority has applied for a grant for reimbursement of these premiums through the Michigan Department of Treasury.

During the month of September, TSA screened an average of 716,000 passengers per day nationwide; this is 32.3% of 2019 passenger numbers.
